MASTODON & GEM
YOU CAN'T BEAT THEM

New Gem Everbearing

GEM is a new world wide moneymaker. America's commercial growers' favorite for the last eight years. Why wait a whole year, when Gem will bear luscious fresh

A Hatful of Gem Everbearing

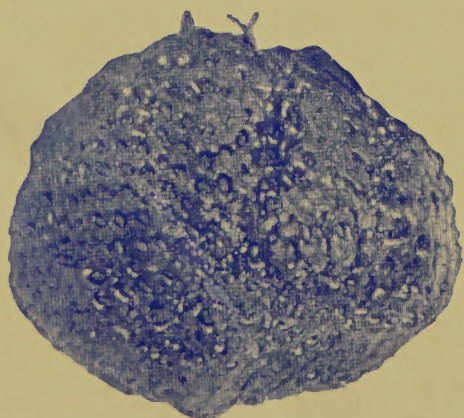

Strawberries for home or market this year? The berries are large, smooth, firm and ripen a very sparkling scarlet red all

over. Produces enormous sweet and tasty berries that will just melt in your mouth. We think that the fruit of this sensational New Gem is nature's most precious gift to mankind. There are only four secrets in growing strawberries. Dependable stock, early planting, clean cultivation and blooms picked off for 60 days. Any good garden soil, old potato patch or any moist soil will be an ideal place for Everbearing. Set 12 inches apart in row with rows 3 feet apart. Gardens can be planted closer. A real opportunity awaits you if you start with our husky certified new ground plants that defy drought, heat and frost. This is something to think about. We suggest you plant Gem this spring. Truly a profitable investment. You will never appreciate the real value of GEM until you see those sparkling jewels clinging on your own vines. Do it right, order tonight. Plants are bearing age and will bear a full berry crop this year. We are the only Nursery that Hand clean plants ready to set. Tied with Black string.

SPECIAL: 100 Mastodon and 100 Gem, Only \$1.50

New Bush Everbearing

This peculiar Everbearer grows on large bushes 10 inches high, 15 inches across. We counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearer. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honey sweet. Finest quality. Ripen up even with attractive dark red color. Bears 60 days after set out. A real giant berry. The Wayzata, Rockhill and our BUSH Everbearing we believe are identical, all the same variety. Plants very limited, so order early. Tied with Binder twine string.

12	25	50	100
50c	\$1.00	\$1.50	\$2.75

GIANT MASTODON EVERBEARING

This Wonderberry is nationally known and has stood all tests by commercial growers. A real fancy Everbearing that you will appreciate and admire. No practical grower can afford to overlook Mastodon Everbearing as it was Michigan's greatest Strawberry for over 12 years. You can prove this for yourself on your own soil this summer and fall if you plant Mastodon. Profitable crops have proved it a winner. A crop that you can depend on every year. An acre of Mastodon, 8,000 plants, that will cost you \$50.00 will put more cash in your pockets than 25 acres of ordinary farming. A real opportunity for any farmer or market gardener to realize a daily income. The quickest profits from the least amount of ground. Just think of it, made \$125.00 from only 1,000 plants set.

Fruit of the finest flavor, extremely large. The huge size of the berries are truly marvelous. Just like little apples. Nine Strawberries will top a quart box.

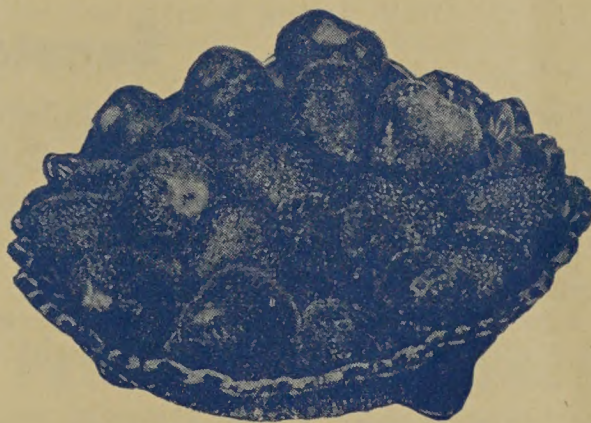

The largest berries on record, and the nearest perfect in every way, size, color, sweetness, flavor and hardness. Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word. For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better.

25	50	100	300	500	1,000	2,000	3,000
35c	60c	\$1.00	\$2.50	\$3.00	\$5.95	\$11.50	\$15.95

SPECIAL: 500 Mastodon and 1,000 Gem, Only \$8.50

After plants are set out keep off blossoms until July 1st. Then from July 15th you can pick great masses of ripe delicious Strawberries every day till snow flies. All set and harvested in the same year. Then another big crop in 1941.

Our Hardy Northern grown plants are the best for all climates. Mastodon and Gem Everbearing have proven the leaders of all Everbearing. All other varieties are still in the testing stages. We can assure you that you will start right with our certified new ground, fresh dug, hand cleaned and tied with Red String. Act Wisely and Order at Once.

New Ground Mastodon

Sugar Sweet Everbearing

Sugar Sweet is an oblong Strawberry. Long neck. Easy to hull. They are chock-full of Strawberry sweetness. New shape. New flavor. Sugar Sweet is well named. Clip the flowers off the first 60 days after set out. Then you will have delicious red Strawberries from July until snow flies. Give Sugar Sweet Fallbearing a trial.

OAK HILL NURSERY, New Buffalo, Mich.

Michiana Everbearing

We are proud to offer this splendid new Everbearing variety. It will fruit in 10 weeks after planting and then continue until winter. This is a mighty fine Strawberry, enticingly rich and sweet, good color, size and has a wonderful future. Why be satisfied with one crop when you can stretch Michiana out to bear 6 months this year and an extra heavy yield next spring? Three crops in 18 months. For a quick crop plant Michiana. Tied with Purple string.

Excelsior Everbearing

Originated in Minnesota. This new variety did very well with us. Berries large and sweet. Bore very heavily for us. The quality is fine. Try them. Tied with Blue string.

12	25	50	100
35c	50c	75c	\$1.25

25 of Each Variety 75 Plants \$1.00

Fugiema

Fugiema is a new variety from Japan. We are deeply impressed by its fine strong growth, productiveness, quality and flavor. Fugiema's outstanding characteristic is the enormous size of the fruit. This berry is well named. Owing to its large size, it is named after the largest mountain in Japan. Fugiema has a record with us as the largest Strawberry that we have ever seen or grown. Last year we found 14 berries that filled a quart box. One berry measured $7\frac{1}{2}$ inches around, $2\frac{3}{4}$ inches across, and weighed $1\frac{3}{4}$ ozs. Ripe June 19th. Plant Fugiema this spring and surprise your friends with a real SUPER-GIANT STRAWBERRY.

Fugiema will be tied with green string for your protection so you will not get them mixed.

Our Choice, Only \$3.00**

25	50	100	300	500
50c	75c	\$1.25	\$3.00	\$4.25

Senator Dunlap (Early)

The Dunlap is the most popular Strawberry in the United States. Known everywhere. Fruit firm, of excellent quality. Good size and an unusually heavy bearer. Has a wide range of soil and climate. Yields big profits for growers. An old time favorite. Plant Dunlap for preserves and for general use. Our biggest plant seller.

Dunlap is the easiest Strawberry grown. What is better than a good fresh shortcake or a can of fruit from the cellar in the winter when snow is piled mile high? Plants tied with brown string.

50	100	300	500	1,000	2,000	3,000

100 Everbearing and 100 Junebearing Strawberry Plants, Our Choice \$1.00

Premier

Premier is a berry without a fault and with perfect satisfaction wherever grown. One week earlier than any other variety in most localities. The Premier berry is medium dark, large size, above the average and very firm. Solid color, bright and glossy. They are beauties in a quart box. This famous variety is practically frost proof. Under natural conditions over \$1,000 can be made from an acre of Premier. This cannot be done from any other farm crop.

A profit-making commercial Strawberry and a world-wide favorite of proven success. Growers know the value of Premier and the consumers demand it. It is a mortgage lifter for any grower. High acre yields and high acre returns. A good early product on the market or on a highway fruit stand. A sure winner. So plant Premier. Plants tied with yellow string.

25	50	100	300	500	1,000	2,000	3,000
30c	50c	75c	\$2.00	\$2.35	\$4.50	\$8.50	\$12.00

Dorsett

Dorsett is the miracle Strawberry of the age. It was a sensational discovery and has set a new standard of excellence. Topped the market every day last year. They appeal to any buyer as fancy Strawberries. Topnotcher to berry growers in both dry and wet seasons.

The Dorsett has stood every test with us. Berries have a fine pineapple flavor. Easy to hull. Long stems, high off the ground and just loaded with extra fine, perfect, dark red berries. Blood-red inside. It takes only 23 of these fine Strawberries to fill a quart.

Has a record of over 11,000 quarts per acre. Fruit very large, conic in shape and a color of bright red. Its flavor is mildly sub-acid, aromatic, juicy, sweet, and very pleasing. Dorsett, Premier and Late Frost King have about the same picking records of over 11,000 quarts per acre.

You will not be disappointed at fruiting time with any of these varieties. From all reports, Dorsett will be a prize-winner and a money-maker for berry growers. Our customers are having wonderful success with this variety. Certified new ground plants. Tied with orange string.

25	50	100	300	500	1,000	2,000
30c	50c	75c	\$2.00	\$2.35	\$4.50	\$8.50

Pink Strawberry

Pink Strawberry is the largest strawberry grown. A great novelty. Pink true color. Strangely different. Runners thick and heavy. Berries sweet as honey. No acid. Real fancy. Super in size. Try out this unusual berry.

12	25	50
35c	60c	\$1.00

White Strawberry

Pure snow-white Strawberry. Berries and plants medium size. Fine flavor, sugar sweet. When you pick these berries they have no hulls. Quite an attraction to grow and show your friends the only pure snow-white Strawberry grown. Try a few.

12	25	50
35c	60c	\$1.00

Black Strawberry

Here is one of the finest quality berries that we know of. When you bite into the Black Strawberry with your eyes shut you will think it is a nice big black sweet cherry instead. It is truly a leader when it comes to delicious flavor. When it comes to size, color, flavor and heavy yielding, all in one variety, then we think the Black Strawberry is an ideal variety. Perfect berries and lots of them. Solid clear through—and a flavor that no other Strawberry has. We urge you to try our superstrain Black Strawberry certified new ground, double root system plants. Tied with Hemp string.

25	50	100	300
50c	75c	\$1.25	\$3.00

North Star

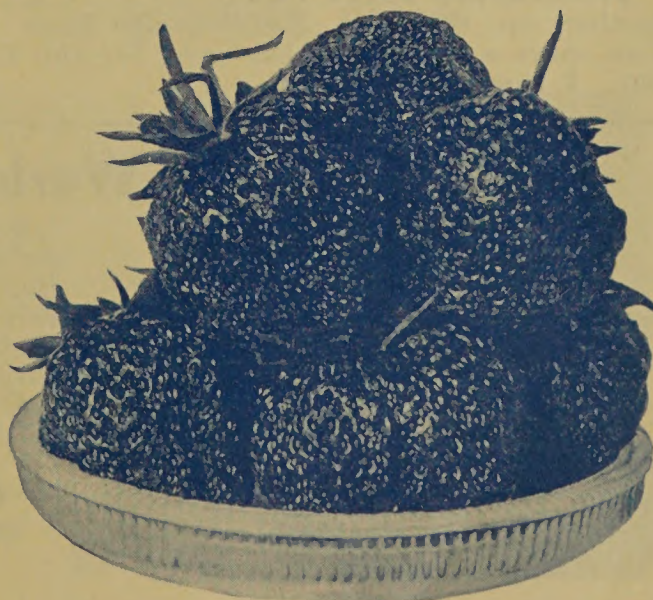

After two years of testing, North star is a very dependable producer. Berries extra large, sweet, glossy, uniform, firm and a very attractive berry in quart boxes. Fruiting over a very long season. Early until Mid-season. Very hardy, frost resistance. Plants extra large and bushy. Large leaves. We find Northstar decidedly superior to Fairfax. Try it. Plants limited.

25	50	100
35c	60c	\$1.00

Pathfinder Strawberry

After extensive testing we find Pathfinder our first Strawberry ripe in the spring. Extra large round berries, firm and sweet. Bright red in color. Sub-acid flavor and fruit extra heavy. You will have a crop worth talking about when you plant Pathfinder. Earliness is what counts. Plants tied with Gray string.

25	50	100
35c	60c	\$1.00

Jumbo Berry

The Jumbo Berry is the largest of all berries known. Fifty of the largest berries fill a quart box, where blackberries take about 200 berries. Easy to pick this new super size fruit. Jumbo Berry is the new sensation of all the berry growers. A real opportunity to growers for a new fruit that is in great demand. Plants are hardy. Stood 17 degrees below zero. Drouth resistant, very prolific.

Jumbo Berry is a cross between Logan Berry, Raspberry and the Blackberry. We grew the Jumbo Berry 2 years before it was called Boysenberry in California. The Boysenberry and our Jumbo Berry we believe are identical. Fruit dark wine color. It is the sweetest and most delicious flavored fruit that I have ever tasted. You will never forget the taste of the Jumbo Berry.

Does well staked like Dewberry. We think it is one of the most wonderful crosses ever made. Make your garden more fruitful with JUMBO BERRY this spring. You will like them. Plants bearing age.

Two Year Transplants 12 for 75c

Latham, World's Greatest Raspberry

Latham is rapidly gaining recognition on account of very definite points of superiority over older varieties in general cultivation. In my experience, it is the largest and best Red Raspberry grown today. An ideal berry of giant size. Bushes loaded to the ground with great crops, borne in clusters the entire length. Acre record, 10,850 pints. Practically everbearing. Bears same year set, until late fall. King of all Reds with us. Extra large 1-year-old bearing age certified plants:

Oka Cherry

A fine big black sweet Cherry that will make your mouth water when you see it clinging to your own trees. Hardy anywhere. This Hybrid will bear fruit the first year set. Flesh dark purple. Free stone. A tremendous yielder of large round cherries fully 1 inch in diameter. In my 23 years of experience we have tested out hundreds of new varieties of plants and seeds but this Oka Black Sweet Cherry is such a luxury for the home garden that you should not deny yourself and your family of the newest and finest fruits. Plant O K A and have a real stranger in your garden this year. Bears fruit every year and never disappoints. Dwarf form. Bushy 4-5 ft. size.

35c Each; 3 for \$1.00; 7 for \$2.00; 10 for \$2.75

Elberta Peach

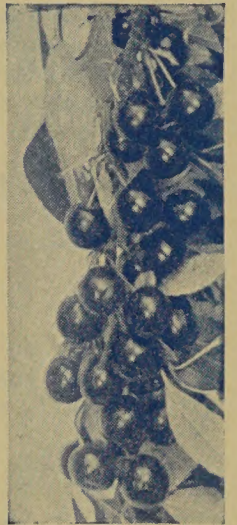

The famous Elberta Peach has stood all tests. America's commercial Peach. Known everywhere. Fruit very large. A marvelously hardy Peach. Stocky trees. About 11/16 and 4-5 ft.

**30c Each; 4 for \$1.00;
7 for \$1.50**

Hansen Bush Cherry

After 30 years of effort, Prof. N. E. Hansen has developed a new plant creation. The new Dwarf Bush Cherry which combines two useful qualities both in one plant. A beautiful early white flowering shrub which is a glorious sight. Silvery bluish green frosty foliage. A desirable good fruit and ornamental. Quick-bearing from ground up. Limbs just simply loaded with fruit. Hardy everywhere. Easy to grow. Bears early, heavily and annually. Large as the Sweet Cherry. Makes wonderful, delicious preserves, jellies.

Grows about 3 ft. high and 4 ft. wide with thousands of dark purple Cherries. If left on will stay on all winter. Will be planted by the millions when better known.

FIRE BUSH

When in full bloom the flaming red flowers make it look just like a blaze of fire. A very showy shrub in early spring. Blooming size.

25c Each. 5 for \$1.00.

Everblooming Chrysanthemum Pink Cushion

Everblooming Pink Cushion Chrysanthemum is the latest in flower creation. Hardy—never winter-kills. Blooms 5 months earlier than any other variety.

Each plant a whole bed of flowers. 1500 to 2500 perfect, shapely, 2-inch blooms on one single bush. Brilliant deep rose-pink changing to mauve-pink with yellow centers. The dwarf of Mums, not over 10 inches high. Plant in bloom resembles the Azalea. Sold under many names. This hardy early blooming perennial created quite a sensation at our nursery from early May until late in November. It was a real show, and brought exclamations of wonder and delight from those who saw it.

Every bloom is a beauty. This wonder plant will bloom this year. After once planted you can amaze the flower world with a bushel size plant. Here is one plant that should be in every garden. Without question it is the world's finest, earliest and best bloomer. Plants ready in April usually with buds.

Each	3	6	12
25c	55c	\$1.00	\$1.75

EVERBLOOMING LILAC

Here's a real thrill in a shrub. Vastly different than anything you have ever grown. For brilliant display of color, we know of no other shrub that surpasses this marvelous new creation. From July until frost, it is always in bloom. Fragrant and fine for cutting. Year after year it will be a beauty spot in your garden. Unusual and rare. Few people have it. Be the first in your locality.

One Bush	5	10
25c	\$1.00	\$1.75

ROSE DAWN

Something entirely new. Dwarf, solid cushion of blue-green evergreen foliage, all winter. Hardy. Fine the year around. Fuzzy like a rabbit's back in winter, quilled like a porcupine in spring. Looks like fireworks in May and June. Rose Dawn is a sensation when in bloom. Spreads to two feet across and two inches high with hundreds of blooms.

35c each 3 for 1.00

COLORADO BLUE GRASS

A real bushy dwarf grass with silver-blue foliage. For beauty with a touch of color for the rock or flower garden, then plant Colorado Blue Grass.

Clump 15c. 2 for 25c.

EVERBLOOMING ORCHID IRIS

From the wilds of Siberia comes this new hardy Everblooming Orchid Iris. It blooms continuously for 6 to 8 weeks after other Irises are gone. Flowers fragrant, some double, color and all much like the expensive Orchids. You must see this new Iris to fully appreciate it.

25c Each 3 for 70c 5 for \$1.00

Ghost Plant

Here is an amazingly beautiful bush that you sure want to get. This plant looks like it were dusted with a fine silver dust. A real lacy silver-aluminum colored foliage shining at night. Very beautiful to use in flower and winter bouquets. Carries a small button-like silvery frostiness of unopened flowers that glitter in the sun like silver dust. Real shrub-like bushy plant, 2 to 3 ft. high. Comes up year after year; will last a lifetime. Spreads very rapidly. Make a home out of a house by planting this beautiful Maid of the Mist. Clumps:

Each	3	6	12

OAK HILL NURSERY, New Buffalo, Mich.

New Giant Dahlias

WM. H. HOGAN—The best red and white striped Dahlia that we ever saw. If you like an odd as well as a beautiful Dahlia here is one that will be hard to beat. Each bloom is a bouquet. About 10 inches. Long stems. Free blooming. Very much admired.

HEART OF MILWAUKEE—The world's outstanding Dahlia. Selected for the highest award, at the Chicago World's Fair. Gigantic 10 to 12-inch blooms of apricot-gold on stems 2 to 3 feet long. Bulbs of this variety sold as high as \$30.00 a few years ago. This one is a dandy. Do not miss it.

JANE COWL—An extraordinary Dahlia. Huge glistening bronzy buff 10-inch blooms. Brilliant gold petals twisted and curled. Very artistic. A real choice Giant Dahlia to grow. Awarded many sweepstakes and silver medals. Do not fail to grow Jane Cowl if you want a winner. Super-fine.

EUREKA—A Giant WHITE BLOOM 8-10 inches on long 3-foot stems. Fine for cutting. A wonderfully good bloomer. The world's best white Dahlia grown. A ribbon winner wherever shown.

SCARLET FLARE—Rich glowing red. The most conspicuous of all the reds. Long stems. Good bloomer. Give new life to your garden with this real 12-inch giant. A gorgeous beauty. There is none more lovely than this Dahlia.

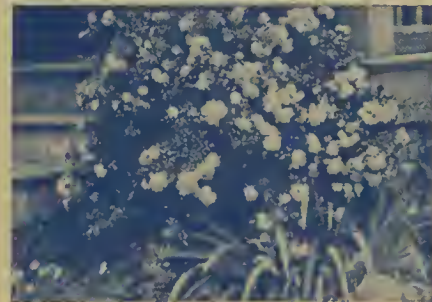

JERSEY'S BEACON—A succession of monstrous size flowers from early until late. Size 10-inch. Long stems. Bright scarlet, reverse buff with two-toned effect. Looks like a giant red from the distance. One of the most extraordinary varieties in cultivation, flowering early and continuously until frost. Do not fail to grow Dahlias this year. The easiest and the most attractive flower to grow.

LAVENDER GIANT—Size 10x3 inches. Lavender of finest form, on long stiff stems. Perfect blooms and lots of them from August until frost. Our favorite Dahlia. The daintiest Dahlia of all.

25c each. Three for 60c. One of each, 7 for \$1.00

Rose Shrub

Half shrub half rose. This double Scarlet Wonder is covered all summer with large clusters of brilliant deep red roses. Grows 3-4 feet tall. Makes a beautiful hedge that never dies, as this new hybrid is the hardest and most dependable all around satisfactory red rose that you can plant. Will bloom this year from June until frost. It is a garden sensation.

35c each 3 for \$1.00

Superb Cucumber

Do not fail to grow this Superfine Cucumber this year. Often grows to 20 inches in length and only 2 inches through. Skin dark green and smooth. Flesh is firm, white and crisp. Can be called seedless. Only a few seeds at blossom end. It is the best flavored slicing Cucumber that we have tried. It does not have that greenish flavor. Be sure you try it. You will be more than pleased with the SUPERB. Seeds are postpaid.

Pkt. 10c

3 for 25c

Early Marvel Cabbage

We have been growing Early Cabbage for years and have at last found Early Marvel positively the earliest Cabbage with large smooth heads in existence. Just think of it—5 to 8 pound heads in less than 60 days. Crop all comes about at one time. Every plant set makes a head of the finest quality. Fully developed heads will not burst for several weeks. All choice heads. By all means plant Early Marvel this year for a new and better Early Cabbage.

Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 40c

Pkt. 10c; 4 for 25c

Aunt Mary's Sweet Corn

Here is something that is extraordinary in sweet corn. The first seed dates back to the Indians and Pioneers of 1812. This seed was treasured and very carefully guarded and went from one generation to another. It was a gold mine to them at 30 cents per dozen for all they could raise. The first seed sold to the public was at \$17.50 per pound.

It was just pure luck that we were fortunate enough to get some of Aunt Mary's Sweet Corn. They claim it is the world's best Sweet Corn and we think they are right as it is the best and sweetest corn we have ever grown. The only corn in the world that does not get tough, stays in milk so long that it requires artificial heat to cure it for seed purposes. Stalks grow large with two extra large ears with kernels of pearl shiny white.

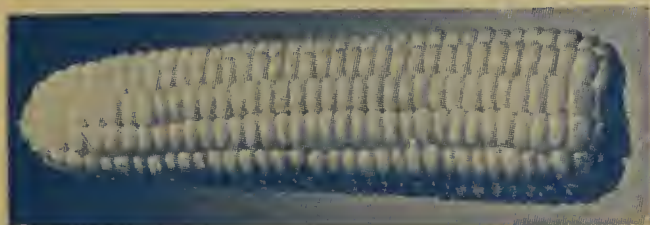

Aunt Mary Sweet Corn will stay in the milk stage longer than any other variety. It will give you delicious roasting ears for over 30 days. Where other varieties are too tough to eat in 8 to 10 days. Aunt Mary was our best seller at our Roadside Fruit Stand.

This Sugar Corn will be well advertised by the people who eat it. The first grower in any locality will outsell his competitor with extra profits. A lot is said of the old and new varieties but here is one case the old is the finest and sweetest corn grown. The real truth about Aunt Mary's Sweet Corn sounds like a "fish story" but we hope to prove to you the merits of the oldest Sweet Corn in the world. Seed very limited this year. Postpaid.

Rainbow Corn

A decorative ornamental novelty. Each ear has a marvelous color range, blue, pink, red, purple, lavender, yellow, bronze, white, black, brown and brilliant variable hues. Ten colors on one kernel and 20 different colors have been found on one ear.

We have improved this new variety with the colored leaves as well as colored kernels in all sizes as well as height in stalk and the size in ears. All shapes and sizes in one great new variety. This is not all. Some stalks bear 4 to 6 ears. Some ears 12 inches long. Some of the stalks from 6 to 15 ft. high. Some of the leaves will be RED, WHITE AND BLUE. At Halloween time they will beat a path to your door for this corn. We sell a lot of it for Halloween decorations at 10c per ear. Stalks also. If you want the talk of your town then plant RAINBOW CORN.

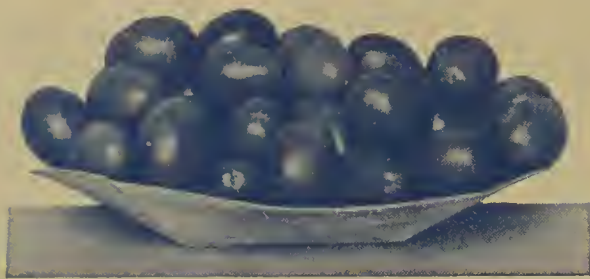

Pkt. 10c; 2 for 15c; 4 for 25c

Midget Corn

Another new year with another new variety that is tops in real sweet corn. Very unusual variety. Fine for small gardens. EXTRA EARLY. Grows only 30 inches high. Produces from 3 to 5 ears and 3 to 4 inches long on each stalk. Extra sweet white baby kernels. Be the first in your locality to grow this Midget Sweet-corn. You will be three jumps ahead of your neighbor, because it is the EARLIEST.

Pkt. 15c; 2 for 25c; 5 for 50c, Limit

We also have the Rainbow Pop Corn. All colors, but pops white. Pkt. 10c; 4 for 25c.

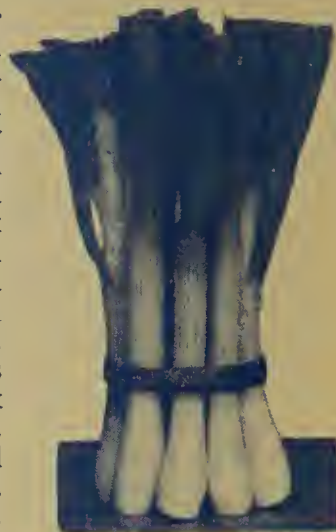

Red Bush Cherry

Red Bush Cherry is one of our best roadside sellers. We sell hundreds of quarts each year. Red Bush Cherry bears its fruit in clusters of 6 to 8. Easy to pick. Fruiting two or three thousand on one vine. Larger than the biggest sweet cherry. Very delicious flavor when eaten as picked from the vine. Used for canning and preserving. Children will like them. Sweet as sugar. If once planted, Bush Cherry will come up each year. They bear very early and are ever-bearing. Easily grown. Was created from the tomato family. Try a packet, you will be delighted with them. Grow same as tomatoes.

Packet, about 500 seeds, 10c; 3 for 25c

Perennial Onion

A real hardy bunching onion. Never winterkills. A permanent crop, yielding from year to year. You plant only once. Not only saves you the cost of Onion sets and time but you will have bunching Onions six weeks before onions raised from sets. You can pull this new Prosperity Onion four seasons of the year. Forms no bulbs. Stalks grow $\frac{1}{2}$ to $\frac{3}{4}$ inch thick and 4 to 6 inches long. Pure white, tender and sweet. No skin to peel. Just pull, wash and tie up. Be sure that you start a patch this year from our seed. Sow in rows 2 feet apart and you will have the finest bunching onion in only 60 days and then on for years if you pull all but one every 4 inches, as they stool from 3 to 8 for each one left standing. You can have an income at all seasons from our Perennial Onion. Consequently a money maker to you as you can have the market all by yourself as we write from experience.

Packet 1000 Seeds 15c 2 for 25c 5 for 50c

Evergreen Seedlings

NORWAY SPRUCE—A real Evergreen of rapid growth. Its thriftiness and its heavy masses of deep green foliage are the pride of great beauty at all seasons of the year. Real profits in raising Christmas trees. An attractive business proposition. Five million Christmas trees are used each year. Grown for windbreaks, hedges, or for beauty. The Norway Spruce grows fast and makes a shapely and compact growth. With three years' growth these Seedlings will be worth \$1.00 each and up for Christmas, table or for landscape work. Quick profits for your idle land. A small investment will repay you a hundred times, both in enjoyment of watching them develop and continually increasing in cash value. A real buy. Our Seedlings are selected, choice straight, three-years-old, 8 to 10 inches high. Field grown.

Lawn Grass

THIS IS NEW. A lawn grass that has several distinct advantages as follows. It does not require mowing or sprinkling. A solid carpet in one season. Undoubtedly the most perfect hardy lawn grass for dry conditions. Produces no seed nor throws up no stalks. It spreads by means of runners. The creeping bent of the desert. Makes a

soft thick beautiful green quick lawn. Creeping dense mat on top of ground and joints every 2 inches that take root and makes another plant. Each branching out many more young plants or stolons. Set plants 12 to 18 inches apart each way. This will cover the ground in one season. 100 plants is enough for 140 square feet of lawn.

50 Plants for 55c

100 for \$1.00

200 for \$1.75

Chee Forage Grass

A NEW CHEE FORAGE GRASS introduced by the South Dakota State College. Brought to the United States from one of the driest spots of Siberia. It will grow to a height of 8 to 10 feet in a season, with even less than 8 inches annual rainfall on almost pure alkali soil. Consider this a poor type of soil. On ordinary soil it will grow with equal vigor, not quite as tall but bushy. It makes excellent hay and can be cut two or three times. It may be pastured but will produce more forage if cut for hay. It is a perennial and will last for years and spreads like wild fire from roots just under the ground. With us it stayed green all winter and was already 12 inches high March 15th last spring. Starts very early in the spring and grows fast. Chee Grass does not seed and can be grown from clump plants or stolons only. It can be planted in rows 8 to 12 inches apart in the row. With rows 36 inches apart. Cultivate like corn and you will soon have a solid field. If no longer wanted it can be readily plowed under if field is wanted for other crops. The leaves are quite wide, dark green, very soft and fine. Makes wonderful quick feed when feed is badly needed. Grows anywhere. Defies drouth or wet weather. Do not fail this spring to try out this wonderful CHEE GRASS. You can grow your own plants from 100 to 200 clumps as they will spread to thousands in one year.

ONION

GIANT PRIZETAKER

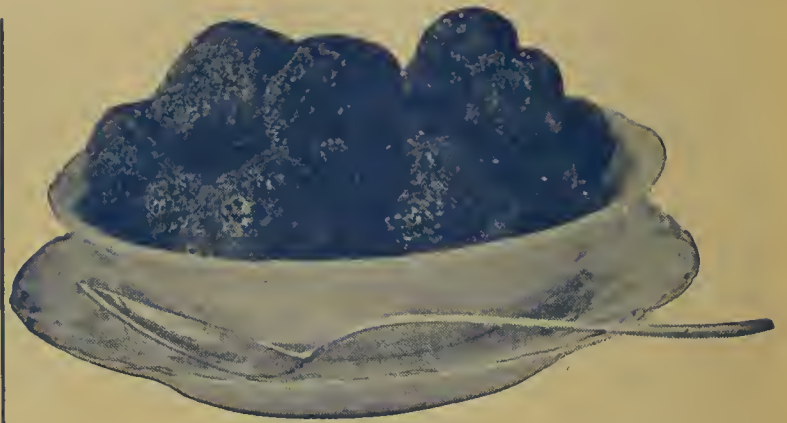

New Burbank Tomato

This is one of Luther Burbank's marvelous new creations. A Tomato by far the earliest and best we have ever grown. Just think of it, from seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripe week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red, and smooth. A continuous bearer throughout the season. A firm, large Tomato of superior quality. Fruit has no open cavities. Seeds are few and small. Slice solid as a beefsteak. Plants resist wilt and other Tomato diseases. Unlike other Tomatoes, the skin peels freely from the rich, firm flesh. If you want a real early Tomato this year, then do not fail to plant this wonderful BURBANK TOMATO. WORLD'S EARLIEST. Packet about 500 seeds; ounce about 7,500 seeds.

Postage Rates

Our reasonable postage rate. We will pay what is over this amount. On Strawberry plants, Asparagus roots, Gladioli and Evergreen Seedlings, 10c per 100 in Michigan, Indiana, Illinois, and Wisconsin. 15c per 100 in other nearby states. 20c per 100 west of Missouri River and Southern Gulf and Eastern Coast states. 30c per 100 west of the Rockies. 45c per 100 in California, Oregon and Washington. Red Raspberry plants, Rhubarb roots, Dahlias, Blackberry, Grape plants: double the above rates. Transplants, Black Raspberries, 2-year Asparagus: 2½ times above rate. Small orders same rate. Be sure to allow postage. Otherwise just remit the cost of stock ordered. When order arrives pay postage and C. O. D. fee to your postmaster or carrier. This will insure the parcel. Our express goes into through cars. Can reach Pacific Coast in five days. Atlantic in three days. Ship express whenever possible as their rates have been greatly reduced. All seed orders are postpaid.

Early Dawn Tomato

Early Dawn is an extra early, smooth globe shaped, bright scarlet tomato. Exceptionally attractive and productive. Was a Gold Medal Winner in 1935. Its rare flavor and beauty is what sold Early Dawn to our customers at our roadside fruit stand. You too will like it immensely. After 4 years of testing with us, we find Early Dawn a very profitable variety to raise.

Presenting Our 23rd Annual Catalog as Another Year Has Just Rolled Around

Family Larger—Even a Granddaughter

For nearly a quarter of a century our aim has been to try out and list only the very best varieties in our Catalog. We check all planting dates, growing, vigor, etc., all through the summer. Compare varieties new and old. Some varieties are unusual and extraordinary. My greatest hobby is trying out new varieties and I enjoy it tremendously. You must read my little catalog from cover to cover, as it is brimming full of wonderful new varieties. All that we use in our commercial trade and at our **ROADSIDE FRUIT STAND**, one of the finest in this part of the country on Super Highway U. S. 12. We sell Strawberries every day from May 3rd until heavy frost kills them, about November. Our main items are Everbearing Strawberries, Aunt Mary Sweetcorn, Melons, Plants, Evergreens, Cut Flowers and all kinds of vegetables. Nature's Finest Fruits. Be the **MASTER** of your Farm and grow what will bring the most money from the least amount of ground. **STRAWBERRIES** will do it.

We are the Oldest and first Nursery in New Buffalo. Many have sprung up since, through our success with the Everbearing Strawberries, that we Originated just 25 years ago. We pick and sell more Strawberries around New Buffalo than any other place in the United States. We hold

Part of Rockgarden and Packing House

the record in United States of \$2,059.20 from one acre set and harvested all in the same year. We are not dealers as most Nurseries that buy plants from every Tom, Dick and Harry. We grow our own Plants, Seeds, Evergreens, Shrubs and Perennials. We can assure you, you will get just what you buy from Oak Hill Nursery. You may know how many times you have been disappointed. I know I do as I speak from 23 years' experience.

Make preparation right now and let our **LITTLE CATALOG SERVE YOU**. You are as near to us as your **MAIL BOX**. Write me.

Yours Very Truly,

EDW. L. LUBKE.

Our Guarantee will be your protection. All stock listed, State Inspected. Guaranteed as represented in our catalog, fresh dug, from young beds, cleaned and trimmed, ready to set out. Arrive in live and perfect growing condition. Everbearers guaranteed to bear first year set, and absolutely **TRUE TO NAME**.

We shall in no case be liable for any greater sum than the amount paid for Seeds, Plants or Bulbs we sell and will in no way be responsible for the crop. Weather conditions and planting are beyond our control. Not liable for any plants sent after May 15th. March until June is our main shipping season. Fall orders. Plants as a rule will not be ready until October 1st.

All orders are booked subject to loss of crop by frost or other unavoidable causes.

References: First National Bank of Michigan City, Indiana, Dun and Bradstreet, Chicago, Ill.

CASH WITH ORDER or 10 per cent deposit will book your order. Balance can be paid at shipping time. Or we can send your order **C. O. D.** for balance if requested when ordering.

VITAMIN B-1

**BETTER GARDENS
BIGGER FLOWERS
STRONGER PLANTS
ROOT TONIC
New Growing Energy**

NEW PLANT MAGIC in tablet form. The most convenient to use. No mixing. No little this or that, like with the powder. No fuss or bother. Just drop a tablet in 2 or 3 gallons of water. Make solution as strong as you prefer. Then water around plants one or two times a week. Costs so little and goes such a long way. 36 gallons of **PLANT MAGIC** from 12 Tablets for **ONLY 25¢**.

Vitamin B-1 is the most amazing horticultural discovery of the year. The No. 1 topic of discussion among gardeners all over the country. Look for more **SUCCESS STORIES** that are scheduled for spring issues of leading Garden Magazines.

You may have read of the amazing results reported in the leading Magazines from *Vitamin B-1*. The new discovery with a growth stimulant that is needed by all kinds of plants except corn, peas, beans and tomatoes which manufacture sufficient quantity of *Vitamin B-1* for themselves. Many report that flowers and plants were grown twice their natural size. Earlier maturity of flowers and fruits. Restored sick and straggly plants back to health. SEE if you can grow a 5 inch rose bud, a Dahlia 10 feet high or a Daffadil with a 42 inch stem and a flower as large as a salad plate.

Pep up house plants. Transplanting without root shock. Grow those extra large Dahlias. Try it on your Strawberry plants, vegetable garden, flowers, perennials, lawn, trees and shrubs. Try this new **PLANT MAGIC VITAMIN B-1** on every thing you grow this spring and see what it will do for you. Do your own experimenting and see the difference.

Here is your chance to try it at the lowest price offered, in tablet form. They keep indefinitely. Contain no acid, no minerals, no strong chemicals or phony plant foods, but pure *Vitamin B-1* made specifically for horticultural use. The *Vitamin B-1* dissolves instantly from the tablet when it comes in contact with water. The whole tablet doesn't dissolve—it disintegrates.

Now try this world's wonder plant magic and see if you can grow the largest plants and flowers in your town.

JUST TRY VITAMIN B-1 ON ALL OUR PLANTS AND SEEDS AND SEE THE DIFFERENCE. 12 tablets 25¢—25 for 50¢—50 for 75¢

New Super Giant 9 Ear Corn

This is a new 100 day White Flint Field Corn that is rare and grows to a giant height. A better sight can not be imagined, than walking with your friends through a forest of corn with stalks 15 to 20 feet high. Some of the ears were 10 ft. from the ground. Had to use a ladder to get it. Took a lot of joking about our 9 Ear corn. Hundreds saw it last summer. They had to see it to believe it. Nobody ever saw anything like it. It is unusual to see 3 ears to a stalk on common corn. But 4-5-6-7-8 and 9 Ears to a single stalk is a miracle. No only that but you also get the Super-Giant height. A real robust grower with four different sets of roots.

Our ground was only fair last year. Next year we expect to break the record. This is a splendid exhibition variety. Be the first to grow it for your next fair. Many will eagerly await the arrival of Spring to plant this new SUPER-GIANT 9 EAR CORN. Seed still scarce this year. Sold only in packets.

Pkt. 10c; 3 for 25c; 6 for 40c; 15 Pkts. \$1.00

May Roses

The old fashion MAY ROSES. Limbs covered with masses of double clear pink rose-like flowers. Very bushy and hardy. A real shrub for specimen planting. When winter breaks and the warm breath of spring blows, this shrub will bloom before the leaves come out. I am sure proud of this WONDER BUSH growing in our garden. It causes much unusual interest at blooming time. For gorgeous colored and dainty blooms, we have something that should interest flower lovers. BUSHES ABOUT 18 inches high.

35c Each; 3 for \$1.00

Bird Oddity

An edible curiosity. Can be pickled sweet like cucumbers when pods are very young. Easy grown. It has Lilac Purple Orchid-like flowers. Pods when ripe are the most interesting.

They split open and resemble birds. They harden and will last for years. Many interesting things can be made from these ripe pods. The surface of each pod has a beautiful design with a walnut color finish.

A real garden oddity. Seeds large. Sow seed and later transplant 2 ft. each way as they grow very bushy.

Pkt. 25 Seeds 15c; 2 for 25c

Perennial Zinnia

This new Ever-blooming Perennial

clear yellow Zinnia is a very bushy compact plant. Two feet high and about 5 ft. across. Very neat plant. It is covered all Summer

and Fall with bright golden yellow double flowers 2 to 3 inches across. Long Stems. Fine for cut flowers. For sheer reliability and endless blooms it will be a real treat in your garden all summer.

2 Clumps 25c; 5 for 50c

Creeping Daisy

A Dwarf Annual of creeping compact growth with showy bright yellow flowers, with black daisy like center, 7/8 inch across. Grows about 6 inches high and was over 3 feet across. Continuous bloomer from early summer until frost. Will create a sensation in your flower or rock garden. No flower will compare with it from just one seed to a mass of over 1,200 blooms at one time.

Pkt. 10c; 3 for 25c

Frost King

How would you like a real late double duty Strawberry that is Frost Proof and bears a full crop every year? This astonishing new variety will mark a new era in growing Strawberries. Especially for the northern growers where late frosts occur and other varieties fail. Frost King is a gold mine at harvest time. We are now convinced that this new variety is the largest and best extra late Strawberry grown.

Frost King was an eye opener to our Strawberry customers at our roadside fruit stand. Each berry looked as if it was varnished. Super large sparkling red choice Strawberries. Around 30 berries filled a quart box. A berry like this will always compel attention. A crate of Frost King is a solid blaze of color. They look very handsome and appetizing. This berry has great quality, firm for shipping and is very sweet and luscious.

It will bear enormous quantities of Strawberries that ripen after all other varieties are gone and continue for a long season. With us they bore until our fall-bearing started. So we have Strawberries from Decoration day until Thanksgiving. On July 4 we picked \$12.00 worth of berries from 75 plants set the year before.

We grow this variety extensively for market as it is a tremendous bearer.

Just think of it, 400 16 qt. cases, one

variety, in one day at the Benton Harbor Market, \$800.00. Regular cropper year after year. Frost King will top them all—quality, color, super size plants, leaves, stems, fruit—and always bring top notch prices. Because it is off season fruit. Extra late. A real opportunity to make some money. The old saying is all that glitters is not gold but Frost King is as good as gold.

Plant Frost King as they will lead the way to economic independence. Will pay big dividends on low investments. Put your idle acres to work this Spring. Our Husky New Ground plants are all certified by the States of Michigan and Indiana. Plants tied with Lavender string.
